dura crib dura stat
Re-engineered Plastic Cribbing, Blocking & Stabilization Tools

TURTLE PLASTICS™
THE RECYCLED PRODUCTS COMPANY

Turtle Plastics is proudly used by Extrication Trainers and Specialists across the globe. Every year, we support various extrication training events, competitions and fire academies. Our extensive line of dura crib™ and dura stat™ Stabilization Tools provides multi-use applications ranging from single vehicle stabilization to urban search and rescue operations. Experienced instructors recognize the benefits of using our dura crib and dura stat tools and have been an integral component in our product research and development over the years. The feedback provided by professionals in the field using our products has helped us bring to you a premium product designed with your safety in mind. We welcome your comments and suggestions as well. Please contact us at fireinfo@turtleplastics.com to share your thoughts.

Thirty seven years ago, Tom Norton, founder and President of Turtle Plastics, was given a banner for his office with a caption that read, “The Turtle only makes progress when it sticks its neck out.” The giver thought Tom spent a lot of time sticking his neck out in various business enterprises. When it came time to name the new company, “Turtle” seemed appropriate because of Tom’s willingness to stick his neck out to create products from recycled plastic to focus on environmental health and safety concerns.

Today, we remain committed to our customers’ environmental, health and safety challenges with innovative and sustainable re-engineered plastic products, while creating a spirit of peace, love and caring for the environment, our employees and our community.

Visit us at www.turtleplastics.com

EHS Environment | Health | Safety

Turtle Plastics supports environmental responsibility by supplying products made from 100% recycled plastic. To complete the full sustainability component of recycling, we offer an end of product life take back program. This reduces landfill waste while increasing our customers return on investment.

Workforce health and welfare are at our forefront in product design. All of our products are washable, impervious to most common industrial chemicals and resistant to splintering. Ergonomic design is provided to deliver maximum worker comfort while using our products.

Our products are engineered with a repeatable and reliable formula providing superior performance which has been tested under lab conditions to ensure worker safety. We strive to create safety solutions for our customers through continuous product innovation.

Turtle Plastics Environmental Practices

-  Our products are made in the U.S.A. from **100% recycled** post industrial PVC, PET, LDPE and HDPE plastics.
-  As a company, we are centered on **environmental sustainability** at all levels throughout our company from our internal leadership to our value chain.
-  Turtle Plastics' products support Corporate Social Responsibility initiatives while **increasing** our customers' return on investment.
-  Turtle Plastics partners with all customers with a **take back program** for our products—reducing disposal and landfill costs and supports zero waste policies.
-  We **do not use wood** in any of our products. Our cribbing products are a solution to the historical use of wood in many industries including manufacturing, agriculture, fire/rescue, transportation, mining and heavy equipment.
-  Recycling is part of an **ethic of resource efficiency**—of using products to their fullest potential. When a recycled material, rather than a raw material, is used to make a new product, natural resources and energy are conserved.
-  The results of using **recycled plastic** include cleaner air and water, less pollution, more forested land and open space, and reduced greenhouse gas emissions.

Why Turtle Plastics' stabilizing tools are essential for vehicle and equipment stabilization.

Many types of materials are commonly stacked into a "cribbing" configuration and used in vehicle extraction and rescue operations, and often the crib stack is used in conjunction with other stabilization equipment, such as pneumatic or hydraulic shoring. Expressions such as "lift an inch, crib an inch" and "pack as you jack" are used to remind rescuers of the importance of cribbing to safely secure and protect both the victim and rescue worker.

Historically wood has been used for cribbing or material storage. We know wood cribbing is not tested. Wood absorbs liquids and pathogens leading to a dangerous work environment.

Turtle Plastics' line of dura crib and dura stat are a safer and eco-friendly solution to crib or block in many industries including fire and rescue, agriculture, automotive, construction, mining, rail and transportation.

PLASTIC -VS- WOOD

ATTRIBUTE	PLASTIC	WOOD
Absorption	Zero	Everything
Splitting	Zero	Yes
Knots	None	Yes

Predictability**	± 5%	0

*Results of independent lab testing. Copies available.
 ** Manufacturer's data.
 †Turtle Plastics profile cribbing tests at 800 P.S.I. on average.

Dura Crib - OSHA Safety Compliance
"When used correctly, dura crib brand of products can create a compliant and safer work environment by providing technicians who repair equipment with a proper 'lock out tag out' of stored energy. This type of hazardous energy is created when hoisted or jacked equipment is not given a secured platform. Wood cribbing does not interlock, is not tested and is subject to unseen degradation via environmental factors or absorption of fluids. All these factors create an unsafe and unpredictable work surface that cannot contain stored energy... Under 29 CFR 1910.147 LOTO, for stored energy not being controlled and 'locked-out' can also be used as the basis of a citation."

—Angelique Bracer, COHC, SHS

Visual Labeling Can Save Your Life

Turtle Plastics is leading the way in workplace safety by labeling our composite dura crib brand tools to identify Working Load Limit with color coded lanyards and safety identification tags. No more guessing on the strength of a crib block. In fact, we reference our dura crib brand products as tools because of their strength and reliability in getting a job done. Our dura crib tools are independently lab tested.

Working Load Limit

Pounds Per Square Inch

Turtle Plastics Product Name

Choose the right Turtle Plastics tool for extrication, repairs or storage.

dura crib  **dura stat**™

Re:engineered Plastic Cribbing, Blocking & Stabilization Tools

Extrication Stabilization

dura crib (Multiple Layer Application)

Engineered interlocking composite plastic cribbing has raised pyramid and blocking profiles designed for multiple layer applications. Offered in a variety of Working Load Limits and sizes.

ACTIVE LOAD

Use **dura crib** tools for **multiple layers** during repairs.

Storage

dura stat (Single Layer Application)

Engineered smooth surface composite block designed for single layer applications. Sizes range from a 2"x2" profile up to a 6"x8" profile. Lengths up to 12'.

STATIC LOAD

Use **dura stat** tools for **single layer** application such as outdoor storage of materials.

Turtle Plastics **dura crib** interlocking cribbing is recommended for any stabilization above a single layer. Always refer to your training resources for stabilization specifications. Use Turtle Plastics **dura stat** for single layer applications only.

Always avoid point source load with dura crib and dura stat.

DO NOT MIX DURA CRIB AND DURA STAT CRIBBING TOGETHER OR WITH WOOD ANYTIME.

(2) TBP Top Bag Pad (2) CB Carrying Bag (Optional) (3) CT Crib Toters (Optional)	904 kg./ 1,993 lbs.

Your FREE Bonus Includes:

Qty	Part #	Description
3	CTP2424-2	ModPad
1	LB-K	Lock Block Kit-3 pcs.
2	6W	6" x 8.5" Wedge
2	3W	3" x 8.5" Wedge

USAR Kit A Gen 2

New!

Urban Search and Rescue Kits

Rescuers worldwide agree that there is no such thing as being over-prepared for USAR Operations. According to Instructor Billy Leach, "Cribbing is one of the most frequently used and essential tools during rescue operations and is considered to be among the strongest means of support." Buildings are taller, vehicles are larger, machinery

is heavier and the need for reliable cribbing that can withstand even the heaviest loads is crucial. These new larger USAR Kits are appropriate for:

- Overturned vehicles.
- Passenger rail.
- Debris within collapsed buildings.
- Heavy industry rescue operations.

USAR Kit D Gen 1

Part #	Included Components	Total Kit Wgt
USAR Kit D Gen 1	(27) 44PL-18 Hybrid Crib	1,163.2 kg./

"The combination of the incline of the cogged ramp and the wedge effectively creates a system that captures and secures the vehicle..."

Crib Toter Kit

ERGONOMICALLY FRIENDLY!

crib toter kit

- Keeps Hybrid Crib (44PL-18) organized; carry 9 per toter.
- Ergonomic features reduce injuries.
- Ideal for storage in compact spaces.
- Weather-resistant nylon bag.

Part #	Product Name	Total Kit Wgt
CT44PL-18	Crib Toter Kit (2) Toters, plus (18) Hybrid Crib	58.06 kg./128 lbs.
CT	Crib Toter Only	.45 kg./1 lb.

Stand up straight and see where you're going! It's easier on your back (and safer) to carry two equal loads at your sides.

dura crib product line

Step Chocks

step chocks

- Fastest way to stabilize.
- Ensures stability.
- Work faster against the golden hour.

standard step chock

- Quickly stabilize passenger vehicles.
- Lightweight.
- Built-in hand hold.

The Slab & The Half Slab

the slab

- Used in fleet maintenance, aerial truck repair, construction and agricultural repair or rescue, and USAR applications.
- Our largest heavy duty block.
- Pyramid design on two sides securely locks.
- Rapid stacking and instant stabilization.
- Lanyard on both sides of the block.

The S Series line of dura crib brand tools are designed as slabs to create an incredibly strong, stable and versatile large surface area platform for stabilizing equipment.

6" x 12" x 24"

Orange lanyard indicates Heavy Working Load Limit.

Part #	Product Name	Dimensions	Wgt	WLL
S612-24	The Slab	6" x 12" x 24"	24.9 kg./55 lbs.	110,000 kg./242,508 lbs.
S612-12	The Half Slab	6" x 12" x 12"	12.02 kg./26.5 lbs.	55,000 kg./121,254 lbs.

the half slab

- Half the size of The Slab in a molded one-piece block.
- A heavy duty crib for smaller spaces.
- Used in fleet maintenance, aerial truck repair, construction and agricultural repair or rescue, and USAR applications.
- Pyramid design on two sides securely locks.
- Lanyards on both sides of the block.

6" x 12" x 12"

Orange lanyard indicates Heavy Working Load Limit.

Black Diamond Crib

black diamond crib

- A gem of a workhorse in our dura crib line.
- Creates a completely interlocking base.
- Your first choice whenever a tall box crib configuration is needed.
- Pyramid design on all four sides securely lock.
- Heavy duty construction.
- Multiple industry use.
- Lanyard on two sides of block.

The D Series line of dura crib brand tools feature interlocking pyramids on all four sides.

6" x 7"

Orange lanyard indicates Heavy Working Load Limit.

little black diamond crib

- Smaller cousin of the Black Diamond Crib is ideal for limited spaces.

Yellow lanyard indicates Light Working Load Limit.

Profile Crib

profile crib

- Pyramid design on all four sides securely lock.
- Lanyard on one side of block.

4" x 4"

Orange lanyard indicates Heavy Working Load Limit.

Hose Bridge

standard hose bridge

- 4 piece kit.
- Openings: Two 5" / Two 4" / Two 3"
- Supports up to 14,000 lbs. per axle.
- Each component weighs only 60 lbs.
- Easy to assemble.
- Patented design.

Standard Hose Bridge (Part # HBS68) (4 piece kit)

Ideal accessory.

Hose Bridge Extender
(Part # HBS-E237-24)
(2 piece kit)

hose bridge extender

Lengthen the distance between ramps for optimum vehicle clearance. Works with standard and super hose bridge.

Hose Bridge Extender
(Part # HBS-E237-24) (2 piece set)

Part #	Product Name	Dimensions*	Total Kit Wgt
HBS	Hose Bridge Set	70" x 49" x 6¾"	108.86 kg./ 240 lbs.

Part #	Product Name	Dimensions	Wgt
HBS-E237-24	Hose Bridge Extender	279/16" x 231/8" x 63/4"	27.21 kg./60 lbs.

Super Hose Bridge

Ideal protection for large diameter hoses.

Super Hose Bridge (Part # HBS68) (6 piece kit)

super hose bridge

- Openings: accepts 6", 8" and 10" O.D.
- Ideal protection for large diameter hoses.
- Create passage for driving over hoses.
- Larger hose openings than our Standard Hose Bridge.
- Wide ramps for easy access.
- Available with yellow reflective striping and side reflectors.
- Patented design.

- Useful when temporary protection of hose or crossing is required.
- 6 piece kit.
- Puzzle piece shapes.
- 14,000 lbs. per axle load capacity.

Part #	Product Name	Dimensions	Total Kit Wgt
HBS68	Super Hose Bridge	126" x 49" x 12¼"	244.94 kg./ 540 lbs.

Ideal accessory.

Hose Bridge Extender (Part # HBS-E237-24)
(2 piece kit)

Hose Bridge Accessories

pedestrian hose bridge

- Reduce trip hazards by creating a pedestrian bridge anywhere.
- One person can carry and assemble.
- Open grid grit top for dry, slip-resistant footing.
- Available as a half bridge model for curb access and optional holes for securing bridge to the ground.
- Compatible with our Standard Hose Bridge. Not available for Super Hose Bridge.

Part #	Product Name	Wgt
HBS-1/2S	Half Bridge	27.21 kg./60 lbs.
HBS-1/2	(2) Half Bridges for curb ramps	54.42 kg./120 lbs.

Dura Stat Engineered Blocking

CREOSOTE FREE

dura stat

- Composite re-engineered plastic blocks.
- Smooth profile on all four sides.
- Replaces metal framing and wood timbers for storing raw materials.
- Superior performance to railroad timber profiles.
- For single layer indoor/outdoor storage.
- Ideal alternative to wood on tractor trailers during material transportation (dunnage).
- Easy to clean, won't rot, split or absorb moisture.
- Customized configurations to meet your indoor/outdoor storage criteria.
- All lumber sizes are nominal and weights are approximate.

Single layer application only.

The Turtle Tube

 **SEE VIDEO**

http://turtleplastics.com/wp-content/uploads/GrainBinRescueTube_Rev-1.mp4

Why wait until you need one?

"Over the past 50 years, more than 900 cases of grain engulfment have been reported, and the fatality rate is 62%."

Read the full story by the Nebraska Corn Board as it appears on the Ohio Farmer website.

the turtle tube grain bin rescue sleeve

At Turtle Plastics, we feel that even just one silo accident is too many. We believe that The Turtle Tube is the best rescue sleeve available today.

- Developed specifically for use in grain handling at food processing plants, breweries, elevators and grain transport vehicles.
- Designed, developed, tested and built by farmers and firefighters, working together to better save lives.
- Rapid deployment.
- One-piece construction.
- 15" storage diameter.
- Carrying bag included.
- Weighs only 18 lbs.
- Priced well below competitors.
- Training available.
- Patented design*

Carrying Bag

- Bonds to wood, fiberglass, concrete, plastics, rubber, linoleum and primed metal.
- Similar to bed liner coatings.
- Dura Grit coating available in tile form only.
- Dura Coat Paint available in gallon or pint.

Allhandsworking.org

“In a cooperative fund raising effort between Turtle Plastics and All Hands Working, we provided a full gym and floor to a fire department in West Chester, Pennsylvania. This fire department is a volunteer department and serves a large response area. Captain Chris Good passed in the line of duty due to a heart attack. In his honor, the flooring and gym equipment was donated and installed. Turtle Plastics has been a partner of the All Hands Working Charity for five years, and together they have outfitted fire departments with much needed flooring and equipment. The All Hands Working Charity works hard to prevent death and injury due to job-related injuries and illnesses. With partners like Turtle Plastics we are able to accomplish our goals.”

—Joe Gordon, Founder
All Hands Working Charity

Turtle Plastics Limited Warranty On dura crib and dura stat

1. Turtle Plastics (hereinafter "Company") warrants to the original purchaser at retail of its Products (hereinafter "Product") that:
 - A. For five (5) years from the date of the original purchase at retail, Company will provide a replacement Product for any Product that breaks for any reason other than obvious abuse or damage due to misapplication or improper installation.
 - B. For ten (10) years from the date of the original purchase at retail, Company will provide a replacement on any Product that is sagging for any reason other than damage due to misapplication or improper installation.
 - C. For fifty (50) years from the date of the original purchase at retail, Company will provide a replacement Product for any Product that becomes defective as a result of rot, termite infestation or corrosion.
 - D. A Product shall be deemed broken or defective when it lacks the capacity to perform the primary function for which it was manufactured.
2. TO OBTAIN PERFORMANCE UNDER THIS WARRANTY, the original purchaser at retail must return the broken or defective Product to Company postage paid, with a copy of the invoice documenting the date of purchase. Any Product returned for replacement under this warranty must be clearly marked with a "warranty return authorization code", which the original purchaser at retail may obtain from Company. Company will ship a replacement Product to the original purchaser at retail, postage due, within ten (10) days of receiving the broken or defective Product. Company reserves the right to challenge any warranty claim for failures resulting from obvious abuse or damage due to misapplication or improper installation.
3. ANY EXPRESS WARRANTY NOT PROVIDED HEREIN, AND ANY REMEDY FOR BREACH OF CONTRACT WHICH BUT FOR THIS PROVISION MIGHT ARISE BY IMPLICATION OF OPERATION OF LAW, IS HEREBY EXCLUDED AND DISCLAIMED. THIS SALE IS MADE ON THE EXPRESS UNDERSTANDING THAT THERE IS NO IMPLIED WARRANTY THAT ANY PRODUCT SHALL BE FIT FOR ANY PARTICULAR PURPOSE OR AN IMPLIED WARRANTY THAT ANY GOODS SHALL BE MERCHANTABILITY. THE ORIGINAL PURCHASER AT RETAIL ACKNOWLEDGES THAT SAID PURCHASER IS NOT RELYING ON COMPANY'S SKILL AND JUDGEMENT TO SELECT OR FURNISH GOODS SUITABLE FOR ANY PARTICULAR USE.
4. UNDER NO CIRCUMSTANCES SHALL COMPANY BE LIABLE TO THE ORIGINAL PURCHASER AT RETAIL OR ANY OTHER PERSON FOR ANY SPECIAL OR CONSEQUENTIAL DAMAGES, WHETHER ARISING OUT OF BREACH OF WARRANTY, BREACH OF CONTRACT, OR OTHERWISE. COMPANY SHALL IN NO EVENT BE LIABLE FOR ANY BREACH OF WARRANTY IN AN AMOUNT EXCEEDING THE PURCHASE PRICE OF ANY PRODUCT.
5. COMPANY SHALL IN NO EVENT BE BOUND BY ANY STATEMENT OR REPRESENTATION AS TO THE QUALITY OR PERFORMANCE OF ANY PRODUCT, OTHER THAN AS CONTAINED IN THIS WARRANTY.

- Ramps - AM/AF

A. WARRANTY DETAILS:

The materials and workmanship used in the construction of the Turtle Tile products above are backed by a five- year warranty under normal work place conditions.

If the purchaser discovers a defect in the materials or workmanship of a Turtle Tile modular tile, Turtle Plastics will, at its own discretion, either:

- i) repair the nonconforming product,
- ii) replace the product with the same or substantially similar product, or
- iii) reimburse the buyer for the purchase price of the nonconforming product based on the expected useful life of the product.

Turtle Plastics reserves the right to inspect the non-conforming tile(s) before repairing, replacing or reimbursing the buyer. Therefore, at the preference of Turtle Plastics., the tile(s) must be returned or available for on-site inspection. Modifying, coating or installing the tile(s) may void the warranty. The decision to void this warranty will be made at the sole discretion of Turtle Plastics. To the maximum extent permitted by law, Turtle Plastics' liability shall not exceed the purchase price of the product; Turtle Plastics shall not be liable for any incidental, consequential, special, and indirect or punitive damages (including without limitation, damages from lost business, profits or goodwill).

THE USER MUST BE FAMILIAR WITH THE U.S. ARMY CORP OF ENGINEERS GUIDE AND ONLY THE END USER CAN DETERMINE LOAD CAPACITY. ANY BENDING, DEFLECTION, SAGGING, BULGING OR DEFORMITY WILL NECESSITATE ADDITIONAL CRIBS. As the use of our products under user's conditions are beyond our control, no warranty, expressed or implied, including but not limited to, merchantability or fitness for a particular use, is made concerning our products. **DISCLAIMER:** Under no circumstances shall company be liable to the original purchaser at retail or any other person for any special or consequential damages, whether arising out of breach of warranty, breach of contract, or otherwise. Company shall in no event be liable for any breach of warranty in an amount exceeding the purchase price of any product, nor will company be bound by any statement or representation to the quality or performance of any product.

We stay on top of our industry by keeping you safe in yours.
